

<div style="text-align: justify">As you see the website JwForum.net has Google advertisement on the post area and Left Side.◆</div><div style="text-align: justify">
</div><div style="text-align: justify">Many brothers are surprised to see "unwanted" links from business products and other stuff.◆</div><div style="text-align: justify">
</div><div style="text-align: justify">I would like to explain that theses advertisements that you see there are posted randomly by "Google Ads" not me.◆</div><div style="text-align: justify">
</div><div style="text-align: justify">Google Ads returns the advertisement based on the following:</div><div style="text-align: justify">
</div><div style="text-align: justify">1 - Your physical location</div><div style="text-align: justify">2 - Your Internet Browser History</div><div style="text-align: justify">3 - Your most recent online activity</div><div style="text-align: justify">4 - The website/page content that you are reading</div><div style="text-align: justify">5 - Your age, genre and status based on your Google Account</div><div style="text-align: justify">6 - Cookies from visited websites stored in your computer/phone/device.</div><div style="text-align: justify">
</div><div style="text-align: justify">Please understand that Google focus on your browser history, cookies from others visited websites, recent online activity and searches terms/words to return ads that you might like to see and learn more.◆</div><div style="text-align: justify">
</div><div style="text-align: justify">The same ads you see on any other websites sponsored by Google. i.e. Youtube, Blogs, Forums, etc.</div><div style="text-align: justify">
</div><div style="text-align: justify">To avoid unwanted advertisements you MUST clean your computer cache and cookies stored in your browser.◆</div><div style="text-align: justify">
</div><div style="text-align: justify">Try this:</div><div style="text-align: justify">
</div><div style="text-align: justify">1. Clean your computer browser history and cookies and return to the website.</div><div style="text-align: justify">You wont see the same ads again because your computer cache/history are clean.</div><div style="text-align: justify">Google will print new "ads" and will start showing ads based on your new online activity.</div><div style="text-align: justify">Google will collect your new online activity to return the most likely products that you might want to learn more about.</div><div style="text-align: justify">
</div><div style="text-align: justify">2. How to clean your computer cache:</div><div style="text-align: justify">Try CCleaner to clean your your computer cache from old history and cookies. This is safe for all to use. ◆</div><div style="text-align: justify">3. You can download a free version at <http://www.filehippo.com></div><div style="text-align: justify">
</div><div style="text-align: justify">Please understand that Google ads help me a little to pay the hosted server.◆</div><div style="text-align: justify">◆</div><div style="text-align: justify">Thanks</div><div style="text-align: justify">JwForum.net</div><div style="text-align: justify">Fiskilis Agelos</div><div style="text-align: justify">
</div>
